

The figure is a 10x10 grid visualization. The x-axis is labeled 'Quarters' and ranges from 1 to 8. The y-axis is labeled 'Iterations' and ranges from 1 to 10. The grid is divided into three main regions: a blue region (Quarters 1-4, Iterations 1-10), a red region (Quarter 4, Iteration 10), and a light blue region (Quarters 5-8, Iterations 1-10). The blue region represents the initial state, the red region represents a transition state, and the light blue region represents the final state.
