We asked and you delivered. This morning the [Presumptive Nominee Fund for President](#)  had raised just \$448 from 20 contributors. Today ActBlue Democrats responded to our call to action. As of this post the fund had raised \$4,510 from 84 people. The [Start Fighting Now](#)  page alone has raised \$4,013!

Thank you so much for joining our effort.

Your contributions will help ensure that our candidate is ready to fight the Republican nominee. We're going to keep building the momentum we've started today, and we'd love your help.

Can you help us

- find 10 more contributors to the [Start Fighting Now](#)  fundraising page?
- start 10 new fundraising pages for the [Presumptive Nominee Fund](#) ?
- add 100 total members in the Start Fighting Now [Facebook Group](#) ?

ActBlue fights for the Democratic Party in its most vulnerable places. Help our nominee today. [Start Fighting Now](#)  for the White House!
